Dear Business Partner:

Stephen Frederick Logistics Inc. is a Transportation Broker that operates in Canada and the U.S.A and is proud to be a certified PIP (Partners In Protection) member. We have attempted certification in the C-TPAT program however, CBP has advised they do not have an entity available within their program to fit our business module. Regardless of this, we are encouraged to work with carriers participating in these programs in order to strengthen our partner relationships and enforce the security of the supply chain.

We are asking our business partners to supply written confirmation of the security programs each are participating in. Please take a moment and complete the attached questionnaire and return it to my attention at fax number 519-759-8136 or email at [virginia@sfl2000.com](mailto:virginia@sfl2000.com)

Thank you and your continued support!

Regards,
